St Mary's Mission Statement

As a school community, we are committed to nurturing and supporting aspirational and courageous individuals who live and work well with each other. Together, we share the vision of the importance of responsibility for each other. We foster positive relationships between ourselves, humanity and the planet as created by God.

Our vision ensures that we provide a safe, happy and welcoming learning environment based on Christian principles, where we care for each other, grow and thrive together, follow our dreams and aspire for excellence in all that we do.

Individuals are given opportunities to recognise their self-worth and use their sense of belief and personal pride to allow them to achieve whatever they set their mind to. Learners are encouraged to use self-reflection and recognise their own successes as well as the achievements of others. Learners understand that they can accomplish their potential when working collaboratively with others. Our whole school community works together to inspire our family of learners to flourish academically, socially, mentally, emotionally, and spiritually.
